

EMR TOPOGRAPHIC MAPS
Canada like you've never seen it.

Smart hunters follow certain rules before they head out into the bush. And among the most important is getting to know the terrain.

One of the best ways to get this critical information is by the use of a great map.

Energy Mines & Resources Canada (EMR), offers detailed and highly informative topographic maps for any location you wish to hunt.

EMR maps are extremely accurate and excellently produced maps that will add immeasurably to your knowledge and enjoyment.

EMR maps are the real thing—well thought out, easy to read and very interesting to study.

So the next time you gear up for a hunting trip, remember to pack the one item that will make it a lot more enjoyable.

Your EMR topographic map.
